PayPortal™

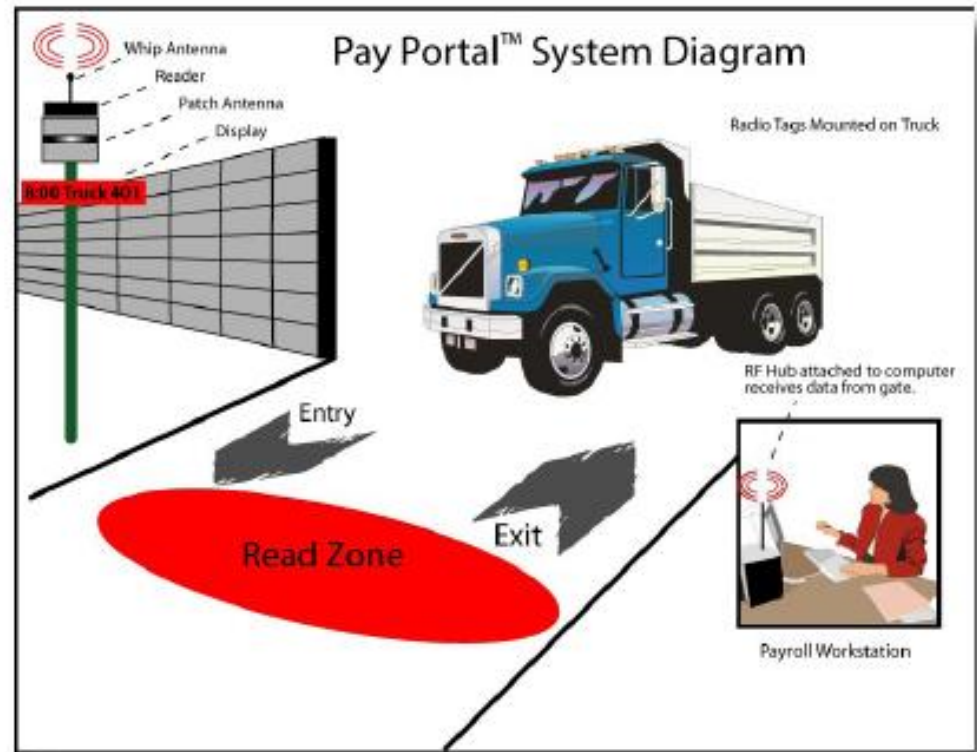

- (1) Reader on Top of Pole.
- (2) Gray box RF LAN sends data to office.
- (3) Driver Display at bottom of pole.
- (4) RFID Tag on top of Truck next to GPS.
- (5) One PayPortal covers both in and out lanes.

How it Works

- Radio frequency tags are attached to the vehicles
- Vehicles are associated with employees
- Radio frequency monitor is mounted at entry gate
- As vehicles exit the yard, the reader detects the radio tag
- Departure time is relayed to Pay Portal™ software
